

EZ FIX MANUAL URETHANE REPAIR SYSTEM

Available as a kit.

EZ Fix is a two part, 100% solids urethane compounded for the repair of rubber and PVC conveyor belts and linings

FEATURES:

- Excellent for conveyor belt repair, pulley repairs, skirt board damage, covering fasteners and cleat repair
- Odor free and non toxic
- Chemical and abrasion resistant in most applications
- The material cures to touch in 2 minutes and can be buffed after two hours
- 100% solids means NO shrinkage and no VOC's, making it safe to use
- Shelf life is 1 year unopened, good for up to 60 days after opening
- Standard system is self leveling
- A high viscosity version is available (NS - Non Sag)
- Packed in 2 x 200 ml, two part cartridges and uses a dual plunger dispensing gun
- The special mixing tips have a baffle system that mixes the material as it is dispensed
